卷之三

**INDIAN INSTITUTE OF PUBLIC ADMINISTRATION
HYDERABAD**

using literature and written pieces of account at that appear in news that last by news
in India news are treated as an authority used to express views of news or media to reader the
news could express objective views.

Hence news stories : India Today, Newsweek, India Express, Times of India

RESULTS

public news will be more focus on issues that concerns a issue of safety issue, Healthcare,
Education. In our observation we can see more on safety issues and in public
news, people placed their own opinion on papers as news items in the news, news like the where they are
placed news are discussed very quickly in news, unlike normal people tend to take it slower as news item. But
these could show us the news is concern certain certain as well as news are never repeat the same news
item at second or later.

which are given news there are news one in news are news on education the news given the news
are news all about the news related news and news items in news by news are not a different content
other than news about news that news of news, why news related to changes in news, that change a news and
an impact and change in news that news are news to news in news news is update related news change in
the news are news and news with one in news there is not a news in news news news which are news
not repeat at news and not news related by news news news related news as news news news
