—*and the People They Meet*

Wise et nous ne voulons pas, nous aussi, être banni à cause de ce
qui, sans nous, n'a rien à faire dans nos églises.

...and the next day he was home again, having had a most delightful stay at the villa.

The author of this article wishes to express his hearty congratulations to the author of the article on "The Nature of the Human Voice," which is the first article published in this journal to have been written by a man who has had no previous training in the study of the voice. The author of this article has given us a most valuable

After that we always make an effort to have some outdoor time. We've been trying to plant a small garden of mostly native plants that we can eat. They are still young, though, and we've had to water them a lot. It's been interesting to see how a right amount of water can help them grow. I think you also have to take care of your plants. I sometimes water them too much, which causes them to rot. But as long as you're careful, you can grow a lot of different kinds of plants.

Another possibility consists of new ways to finance or regulate or taxes to encourage certain activities, such as the use of biomass or energy-efficient systems, combined with the regulation of the energy market's prices.
