2023-24 National Survey of Health and Family Planning
ANALYSIS: 2023-24
The National Survey of Health and Family Planning (NSHFP) is a large-scale survey conducted by the National Institute of Population Research and Demography (NIPRD), Government of India. The survey aims to collect data on various aspects of health and family planning, including reproductive health, maternal and child health, and family planning practices. The survey is conducted in a multi-stage process, involving household visits and interviews with individuals. The data collected is used to inform policy and program development in the health and family planning sectors. For more information, visit the NIPRD website: www.niprd.gov.in
